RUSSIAN METEOROLOGY AND HYDROLOGY

	PAGES	
	ENGLISH/RUSSIAN	
<i>G. V. Gruza, V. V. Maistrova, I. I. Bolshakova, and O. L. Zhukova</i>		
Long-Term Variability of Free-Atmosphere Temperature in the South Polar Region	1	5
<i>G. M. Abakumova, E. V. Gorbarenko, E. I. Nezval, and O. A. Shilovtseva</i>		
The Influence of Smoke Haze on Atmospheric Transparency, Solar Radiation, and Natural Illuminance in Moscow in 2002	11	18
<i>M. A. Lokoshchenko</i>		
Climatic Regularities of Evaporation in Moscow	22	30
<i>V. V. Smirnov, J. Salm, J. Mäkelä, and J. Paatero</i>		
Nucleation Bursts of Ultrafine Aerosol Particles in the Atmosphere	30	40
<i>A. I. Nikitin, V. A. Surnin, M. A. Novitskii, N. K. Valetova, A. L. Kabanov, I. Yu. Katrich, V. B. Chumichev, G. E. Dunaev, N. I. Kolesnikova, V. M. Goncharenok, and A. A. Makarenko</i>		
Radionuclides and Heavy Metals in the Yenisei Estuary in 2001	42	56
<i>M. V. Markelov, V. N. Golosov, and E. D. Stukin</i>		
Possible Use of ^{210}Pb and ^{137}Cs as Radioactive Tracers for Estimating Erosion and Accumulation Rates	50	66
<i>Yu. D. Resnyanskii, A. A. Zelenko, E. S. Nesterov, and I. A. Rozinkina</i>		
Assessment of the Simulation of Sea Surface Fluxes by an Operational Medium-Range Forecast System of the Hydrometeorological Center of the Russian Federation	64	85
