RUSSIAN METEOROLOGY AND HYDROLOGY

	PAGES	
	ENGLISH/RUSSIAN	
<i>Z. M. Gudkovich, V. P. Karklin, and I. E. Frolov</i> Intrasecular Variability of Climate and Sea Ice Extent in Eurasian Arctic Seas and Their Possible Causes	1	5
<i>N. F. Veltishchev</i> Convection in an Unstable Boundary Layer with Wind Shear	9	15
<i>A. A. Alekseeva and M. V. Bukharov</i> Diagnosis of Thunderstorms from Synchronous Satellite Microwave and IR-Radiometer Data	20	29
<i>A. A. Sin'kevich, N. E. Veremei, N. N. Volkov, Yu. A. Dovgalyuk, Yu. F. Ponomarev, and V. D. Stepanenko</i> Experimental Studies of Space-Time Inhomogeneity of the Convective Cloud Structure	27	38
<i>V. I. Petrov and E. I. Potapov</i> Inland Penetration of Sea Breeze in the Coastal Zone of the Northwestern Black Sea	37	51
<i>B. S. Yurchak</i> One Condition of Application of the Radar Equation for Clouds and Rainfall	45	61
<i>M. A. Lokoshchenko</i> Snow Cover and Its Current Changes in Moscow	53	71
<i>E. V. Kvasnikova, O. M. Zhukova, E. D. Stukin ; and E. N. Borisenko, and A. E. Samonov</i> The Role of Landscape Factors in ¹³⁷ Cs Contamination Field Changes in Bryansk Polessye	62	83
<i>K. P. Tyshko and S. M. Kovalev</i> Some Features of the Arctic Sea Ice Cover Temperature Regime in the Middle of the Spring	69	92
