NUMBER 10

2005

RUSSIAN METEOROLOGY AND HYDROLOGY

	PAGES	
	ENGLISH	RUSSIAN
<i>Yu. A. Izrael</i>		
An Efficient Way to Regulate Global Climate is the Main Goal of the Climate Problem Solution	1	5
<i>V. I. Demin, M. I. Beloglazov, and N. F. Elanskii</i>		
Some Results of Surface Ozone Monitoring on the Kola Peninsula (1999-2003)	5	10
<i>V. P. Butukhanov, G. S. Zhamsueva, A. S. Zayakhanov, Yu. L. Lomukhin, B. Z. Tsydypov, and V. V. Tsydypov</i>		
Relationship of Surface Ozone Concentration with Nitrogen Oxides and Air Temperature in the Atmosphere over Ulan-Ude	13	21
<i>B. P. Koloskov, L. I. Krasnovskaya, B. N. Sergeev, A. A. Chernikov, T. A. Idrisov, A. A. Gordeev, S. L. Abishev, and K. A. Kan</i>		
Results of Experimental Operations for Dissipation of Gold Fogs at the Airport of Almaty in 2002-2003	23	33
<i>R. P. Lawson and A. A. Sin'kevich</i>		
Aircraft Investigations of an Arctic Stratus Cloud	31	43
<i>E. Sh. Elizbarashvili and M. E. Elizbarashvili</i>		
Potential Transformation of the Caucasus Natural Landscapes due to Global Warming	40	53
<i>S. Yu. Glebova</i>		
Synoptic Situation over the Russian Far Eastern Seas in 2001-2003	44	58
<i>G. A. Vlasova</i>		
Some Spatial and Temporal Characteristics of the Surface Temperature Field in the Northwestern Pacific Ocean	49	65
<i>I. A. Zhigalov and V. A. Luchin</i>		
Interannual Variability of Bottom Water Temperature on the West Kamchatka Shelf	55	72 I.
<i>L. Kalyuzhnyi and S. A. Lavrov</i>		
Seasonal Emission of Carbon Dioxide in a Dry Year from an Oligotrophic Bog in Northwestern Russia	62	81
<i>Yu. S. Tsaturov, I. E. Frolov, A. I. Danilov, V. G. Dmitriev, S. M. Pryamikov, and A. V. Klepikov</i>		
International Polar Year 2007-2008	72	94
