## RUSSIAN METEOROLOGY AND HYDROLOGY

	PAGES	
	ENGLISH	RUSSIAN
<i>N. P. Shakina and E. N. Skriptunova</i> Spectra of Precipitation Occurrence Frequency in the Former European USSR Depending on Frontal Zone Intensity and Grid-Scale Convective Instability	1	5
<i>I. L. Karol, O. A. Syrovalkina, A. A. Solomatnikova, and A. M. Shalamyanskii</i> Analysis of Interannual Variations of Total Ozone in Russia in 1973-2002 from Measurements at Ground-Based Stations	12	19
<i>V. I. Vasiliev and S. P. Perov</i> Intradiurnal Trends of Total ozone	19	29
<i>A. M. Zvyagintsev, V. V. Rudakov, I N. Kuznetsova, and V. I. Demin</i> Temporal Trend of Surface Ozone in the Central Part of European Russia in the Spring-Summer of 2004	29	41
<i>E. M. Dobryshman and N. K. Turbayevskaya</i> Calculation of the Wind Field and Helicity in Motionless and Moving Typhoons	34	47
<i>V N. Soifer, V A. Goryachev, V. K. Savchenko, D. V Andreev, I. R. Barabanov, and E. A. Yanovich</i> Tritium and Krypton-85 in the West Arctic Waters (Their Role in the State of Spent Nuclear Fuel in Dumpsites and Accident Zones)	44	59
<i>V. A. Nikitin, A. V Konoplev, D. P. Samsonov, G. V. Khomushku, G. V. Chernik, and A. M. Rychkov</i> Polycyclic Aromatic Hydrocarbons in the Arctic Atmosphere of the Russian Far East	53	70
<i>O. I. Prokopov</i> Universal Technique of Identification of the Black Sea Cold Intermediate Waters	60	80
<i>M. A. Novitskii</i> Using the Model of Gravity Current for Calculations of Sea Water Intrusion into the Yenisei Estuary	71	93
<i>I. Yu. Solov'yanova and B. R. Mavlyudov</i> River Runoff on Spitsbergen Island in Winter	77	100
