## RUSSIAN METEOROLOGY AND HYDROLOGY

	PAGES	
	ENGLISH/RUSSIAN	
<i>A. V. Murav'ev L A. Kulikova, E. N. Kruglova, and V. D. Kaznacheeva</i>		
Using Ensembles in Forecasting Meteorological Fields	1	5
<i>D. M. Sonechkin, R. Brojewski, N. N. Ivashchenko, and B. Jakubiak</i>		
Spatial-Temporal Scaling of Surface Air Temperature Fields	11	18
<i>B. G. Sherstyukov</i>		
Scenarios of the Moscow Region Climate until 2050	17	26
<i>A. V. Konoplev, V. A. Nikitin, D. P. Samsonov G. V. Chernik, and A. M. Rychkov</i>		
Polychlorobiphenyls and Organochlorine Pesticides in the Atmosphere of the Far East Russian Arctic	22	38
<i>A. P. Nagurnyi, G. A. Alekseev and V. G. Korostelev</i>		
Changes in Sea Ice Thickness in the Arctic Ocean in Winter 1970-1990	28	45
<i>I. I. Borzenkova and N. A. Lemeshko</i>		
Water balance of the Volga River Basin in the Early 21st Century (from Paleoclimatic Scenarios)	33	52
<i>L. M. Kitaev, O. Kruger, B. G. Sherstyukov, and H. Hobe</i>		
Indications of the Influence of Vegetation on the Snow Cover Distribution	40	61
<i>V. N. Sinyukovich</i>		
Recovery of the Natural Level Regime of Lake Baikal After Construction of the Irkutsk Hydroelectric Power Plant	47	70
<i>V. F. Brekhovskikh, Z. V. Volkova, and D. V. Lomova</i>		
Using Frequency Curves of Hydrochemical Indices for Estimation of Water Quality of the Northern Dvina River	52	77
<i>V. A. Shutov</i>		
Engineering-Hydraulic Aspects of the Hydrology of Bogs in the North of European Russia	62	89
