## RUSSIAN METEOROLOGY AND HYDROLOGY

	PAGES	
	ENGLISH/RUSSIAN	
<i>N. S. Sidorenkov, O. V. Lutsenko, N. N. Bryazgin, E. I. Aleksandrov, and V. G. Zakharov</i>		
Variation of the Mass of the Ice Sheet of Antarctica and Instability of the Earth's Rotation <i>A. G. Egorov</i>	1	5
Solar-Related Variations in Arctic Air Pressure and Long-Term Sea Ice Extent in the Russian Arctic Seas during Summer <i>S. P. Smyshlyayev, V. Ya. Galin, P. A. Zimenko, and A. P. Kudryavtsev</i>	9	14
A Model Study of the Atmospheric Ozone Sensitivity to the Solar Flux Spectral Variations Caused by Solar Activity <i>S. M. Losev, Yu. A. Gorbunov, L. N. Dymant, and I. A. Sergeeva</i>	17	25
Macrodeformations of the Ice Cover in the Arctic Basin <i>I. P. Trubkin and Yu. G. Filippov</i>	26	38
Integrated Hydrodynamic Model for Calculation of Mesoscale Variability of the Northern Caspian Sea Level and Waves <i>B. V. Kindyuk and V. A. Ovcharuk</i>	36	51
Structure of a Drainage Network of the Ukrainian Carpathians <i>Zh. V. Kus'mina</i>	43	59
Assessment of Consequences of the Runoff Regime Change for Floodplain Ecosystems when Constructing Small Hydraulic Structures on Lowland Rivers <i>O. D. Sirotenko, E. V. Abashina, and V. A. Romanenko</i>	50	67
Modeling of the Influence of Climate Change on the Dynamics of Organic Carbon in Arable Soils, CO <sub>2</sub> Emission, and Agroecosystem Productivity <i>A. M. Zvyagintsev, N. S. Ivanova, G. B. Kakadzhanova, G. M. Kruchenitskii, I. Yu. Shalygina, V. I. Demin, and G. S. Zhamsueva</i>	63	83
REVIEWS AND CONSULTATIONS		
Ozone Content over Russian Federation in the Second Quarter of 2005	74	115
