## RUSSIAN METEOROLOGY AND HYDROLOGY

	PAGES	
	ENGLISH	RUSSIAN
<i>N. P. Shakina, E. N. Skriptunova, A. R. Ivanova, I. A. Khomenko, and G. V. Khomenko</i>		
Conditions of Freezing Precipitation at Airports of Russia and CIS. III. The Airport of Odessa	1	5
<i>E. M. Dobryshman and N. K Turbaevskaya</i>		
Deviation of Pressure Field from Its Hydrostatic Value in the Typhoon	11	19
<i>A. M. Polyakova and D. D. Kaplunenko</i>		
The Use of Classification of North Pacific Atmospheric Circulation Types to Determine the Relation with the Southern Oscillation Index	20	30
<i>V. Ivanov</i>		
Fine Structure of the Annual Spectral Peak of Temperature Variations in the Town of Aleksandrovsk-Sakhalinskii	26	37
<i>A. V. Konoplev, F. F. Pankratov and A. M. Rychkov</i>		
Springtime Depletion of Atmospheric Mercury in the Russian Arctic	37	50
<i>E. S. Nesterov</i>		
Seasonal Features of Sea Surface Temperature Anomalies in the North Atlantic	41	55
<i>V. R. Fuks</i>		
Gradient-Eddy Waves in the Baltic Sea	47	63
<i>G. Konovalov and M. V. Williams</i>		
Long-Term Fluctuations of Glacier Processes and River Runoff in Central Asia under Current Climatic Conditions	52	69
<i>I. Shaporenko</i>		
Influence of Meteorological Conditions on Anaerobic Processes in Dimictic Water Bodies (by Example of Lake Glubokoe, Ruza Area, Moscow Region)	65	84
<i>V. M. lebedeva</i>		
Long-Term Forecast of the Heat Content of a Growing Season	73	93
