## RUSSIAN JOURNAL OF NON-FERROUS METALS

PAGES  
RUSSIAN/ENGLISH

### Metallurgy of Non-Ferrous Metals

- Investigation of the technological properties of Guinean bauxites.  
E. A. Zubtsova, I. B. Vorob'ev, S. S. Kirov, I. V. Nikolaev,  
and M. V. Seregin..... 12 1

### Metallurgy of Less-Common and Precious Metals

- Survey of the world market in cadmium. A. V. Naumov ..... 18 9  
Kinetics of interaction of antimony sulfide with a nitric acid solution.  
P. S. Davidenko, A. M. Troshkin, and Yu. T. Mel'nikov ..... 24 15

### Physical Metallurgy and Heat Treatment

- Structure and properties of dispersion-hardened mechanically alloyed composite  
materials fabricated from mixed aluminum secondary raw material.  
M. E. Samoshina, A. A. Aksenov, V. V. Istomin-Kastrovskii,  
and Yu. V. Gostev ..... 47 20

### Powder Material and Coatings

- Gas phase deposition of silicon carbide out of methylsilane at relatively low  
temperatures and pressures. A. V. Lakhin, E. A. Bogachev,  
A. V. Manukhin, and A. N. Timofeev ..... 55 30  
Barothermic treatment of the structure and properties of the alloy VA-8.  
V. S. Panov and A. G. Padalko ..... 63 35

### Surface Engineering. Multifunctional Films.

#### Corrosion and Metal Protection

- Electrochemical diagnostics of the compatibility of metals and alloys used in  
dental prostheses. Yu. A. Pustov, M. R. Filonov, K. A. Pechyorkin,  
M. O. Anosova, V. N. Olesova, and I. A. Pozdeev ..... 72 39
