## RUSSIAN JOURNAL OF NON-FERROUS METALS

PAGES  
RUSSIAN/ENGLISH

### Metallurgy of Non-Ferrous Metals

- Optimization of process flow diagram of recycling of fluoride salts under the conditions of contemporary aluminum production. N. V. Golovnykh, V. A. Bychinskii, A. A. Tupitsyn, and I. I. Shepelev ..... 12 1

### Metallurgy of Less-Common and Precious Metals

- A survey of the world market for selenium and tellurium (economics of selenium and tellurium). A. V. Naumov ..... 18 8
- Production of high-purity tantalum by zinc-thermic reduction of tantalum pentachloride. A. V. Elyutin, I. A. Medvedev, and A. E. Nikitin ..... 27 17
- Extraction of silver out of dilute solutions by means of biosorbents. L. S. Strizhko, V. I. Zakharova, and Zh. N. Bezrukova..... 32 24

### Powder Materials and Coatings

- Influence of pulse delivery of current on the grain size of iron powder in electrolysis of a melt. V. A. Vostrikov and N. M. Vostrikova..... 70 33

### Surface Engineering. Multifunctional Films

- Liquid metal penetration of bismuth along the boundaries and through the T-junctions of grains in copper. S. A. Gulevskii, N. B. Emelina, and A. L. Petelin..... 74 38
