## STEEL IN TRANSLATION

PAGE

### Iron Production

- Improving sinter quality control. A. V. Malygin, B. B. Zobnin,  
S. S. Golovyryn, A. A. Surin, V. P. Nevraev, M. A. Gurkin,  
and R. L. Kataev ..... 1
- Industrial trial of blast-furnace smelting with an elevated pellet content.  
V. I. Bol'shakov, V. I. Loginov, M. Yu. Sukhanov, N. M. Mozhareno,  
A. S. Nesterov, and L. E. Vasil'ev..... 4
- Reducing air-tuyere failure. D. E. Donskov, E. G. Donskov, G. P. Kostenko,  
V. S. Listopadov, and P. I. Otorvin..... 12

### Metallurgy of Steel and Ferroalloys

- Improving the processing of high-phosphorus hot metal in oxygen converters.  
A. A. Kim, B. I. Bogomyakov, A. N. Shvetsov, Kh. Sh. Kutdusova,  
and G. V. Kuznetsov ..... 19
- Dynamic compaction of friable material in applying monolithic ladle lining and  
manufacturing casting molds. S. V. Kolpakov, N. M. Bashilov,  
V. K. Orlov, I. V. Matveenkov, E. G. Chernyshevich, and A. A. Rodionov..... 21
- Improving the productivity of an arc smelting furnace by rational oxygen  
injection. M. V. Shishimirov, M. P. Galkin, V. I. Savchenko,  
V. N. Rybin, and O. M. Sosonkin ..... 26
- Influence of technological factors on the quality of continuous-cast steel  
billet. I. O. Mishchenko, A. V. Dub, E. B. Makarycheva,  
A. M. Lamukhin, and V. G. Ordin ..... 29
- Reduction of Fe–Cr (20%)–Ni (10%) alloy. B. V. Linchevskii,  
V. Ya. Dashevskii, V. I. Kashin, and V. K. Grigorovich ..... 35

### Pressure Treatment of Metals

- Monitoring the thickness of superthin steel by means of UD2-12 defectoscopes.  
V. A. Belevitin, A. I. Brazhnikov, E. L. Ivanov, and A. K. Tarelkin ..... 40
- Prospects for oil- and gas-pipe production at TMK Joint Stock Company.  
L. G. Marchenko and V. I. Stolyarov ..... 43
- High-speed equipment for applying metal coatings to wire. B. M. Zuev ..... 47
- Predicting failure times of mechanical equipment. N. A. Chentsov  
and V. A. Sidorov ..... 50
- Automated determination of the strength of metal in hot deformation.  
S. P. Burkin, R. F. Iskhakov, A. V. Razinkin, and S. I. Parshakov..... 53

### Structure and Properties of Metals and Alloys

- Metallurgical aspects of inductive heating of steel for plastic deformation.  
N. V. Zimin..... 59

Hydrodynamic effects in the production of amorphous strip by high-speed quenching of melt. B. V. Molotilov .....	65
Isothermal austenite decomposition in magnesium-alloyed cast iron with vermicular graphite. L. L. Kostina .....	70
Isothermal and thermokinetic diagrams of powder steels of different porosity. Yu. G. Gurevich and M. S. Tsyganova .....	74
