## STEEL IN TRANSLATION

PAGE

### Iron Production

- Conical charging system with some coke supply to the center of the blast furnace. V. P. Tarasov, A. A. Tomash, V. B. Semakova, P. V. Tarasov, O. T. Khairtdinov, and D. E. Shapiro-Nikitin ..... 1
- First stage in the reconstruction of OEMK Joint Stock Company. A. A. Ugarov, N. A. Shlyakhov, E. I. Gontaruk, A. D. Tishchenko, G. A. Zinyagin, and S. V. Petrov ..... 7
- Control algorithms for blast furnaces. V. I. Naboka, G. A. Polyanskii, A. P. Fomenko, and N. V. Krutas ..... 15

### Metallurgy of Steel and Ferroalloys

- Thermophysical processes when forming consumable electrodes from reduced pellets. V. I. Chumanov, V. I. Potapov, I. V. Chumanov, and V. V. Votinov ..... 19
- Slab production from boron-microalloyed steel. A. V. Yaroshenko, Yu. F. Sukhanov, A. F. Kopylov, and E. A. Sibikin ..... 24
- Ingots for large forgings. S. I. Zhul'ev, A. P. Fomenko, K. E. Titov, E. I. Buzinov, D. N. Fedorov, and D. V. Rutsikii ..... 25
- Influence of production parameters on the quality of martensitically aging ChS4-VI, ChS5-VI, and ChS25-VI steel. M. A. Stepanov, L. F. Dvoryashina, V. P. Nikitin, and D. S. Zuev ..... 32
- Nonmetallic inclusions in steel and metallurgical progress. E. Kh. Shakhpazov, A. I. Zaitsev, S. D. Zinchenko, I. G. Rodionova, S. V. Efimov, and N. G. Shaposhnikov ..... 35

### Pressure Treatment of Metals

- Superplastic shaping of hollow shells from sheet. E. M. Seledkin, M. A. Tsepin, K. Yu. Apatov, and O. N. Korovkin ..... 42
- Forces in hot rolling. V. A. Nikolaev ..... 47
- Improving lubrication in roller-strip contact by modifying lubricant-film rheology. O. P. Maksimenko and V. M. Samokhval ..... 55
- (continued)
- High-temperature ultrasonic monitoring of rolled sheet. S. K. Pavros, I. Yu. Severinets, S. I. Krauklish, A. V. Kirikov, and A. N. Zabrodin ..... 60
- Algorithm for calculating the heating of steel components in melts. R. A. Yudin, N. I. Shestakov, and I. R. Yudin ..... 65

### Structure and Properties of Metals and Alloys

- Residual stress in hollow cylinders after electric-arc centrifugal surfacing. S. D. Solov'ev, V. B. Dement'ev, and V. A. Ivanov ..... 71

Structural transformations in the electrical-erosion treatment of steel. V. V. Ploshkin.....	74
Cohesion of bimetal obtained by packet rolling. Yu. P. Solntsev, T. N. Titova, S. A. Bocharov, I. F. Semernina, and E. S. Kazan .....	81
Quenching rail in water-polymer media. V. I. Vorozhishchev, V. V. Pavlov, E. M. Pyataikin, L. V. Korneva, E. A. Shur, V. V. Dolgushin, and A. G. Burkov.....	84
