PAGE

### Iron Production

Modernizing the OK-520 roasting machines at Mikhailovskii GOK Joint Stock Company. V. P. Bruev, V. M. Abzalov, V. N. Nevolin, V. V. Bragin, and B. I. Borisenko .....	1
Modernizing roasting machine 3 at Kachkanarskii GOK Vanadii Joint Stock Company. V. A. Glukhikh, V. I. Klein, A. A. Kutuzov, V. N. Leushin, and O. E. Semenov .....	3
Using various binders in pellet production at Mikhailovskii GOK Joint Stock Company. S. N. Evstyugin, D. Yu. Usol'tsev, V. I. Mineev, I. G. Bormotova, and S. V. Shavrin .....	8
Formation of raw pellets with a composite binder containing polymer additives. E. V. Belenko, L. P. Vakhrushev, L. I. Voevodin, V. A. Gorbachev, and D. Yu. Usol'tsev .....	12
Reduction of pellets made from highly enriched SSGPO concentrates. M. M. Turdakhunov, O. S. Isachenko, V. A. Gorbachev, and A. V. Shavrin ....	15
Simulation of a blast furnace charged with iron ore of variable reducing properties. S. N. Evstyugin, I. L. Belyaev, V. S. Shavrin, and S. V. Shavrin .....	19

### Metallurgy of Steel and Ferroalloys

Improving the molds of continuous-casting machines. G. N. Elanskii, I. F. Goncharevich, and K. Shturm .....	22
Smart quality-control systems for continuous-cast billet. V. M. Parshin and A. D. Chertov .....	26
Improving the axial-zone structure of billet by adding microalloys in casting. I. L. Brodetskii, V. P. Kharchevnikov, A. I. Trotsan, L. S. Lepikhov, and O. B. Isaev .....	33

### Pressure Treatment of Metals

Billet deformation in uniform-channel stepped die. A. B. Naizabekov, Zh. A. Ashkeev, S. N. Lezhnev, and A. R. Toleuova .....	37
Effective rolling systems for billet production. A. N. Savel'ev and M. L. Bosnyak .....	40
I-beam production from 165 × (395-530) mm continuous-cast billet. P. K. Surin, A. L. Rush, V. F. Myunkh, and K. N. Shvedov .....	47
Reducing strip camber in rolling on an 800 mill. A. A. Levchenko and N. A. Chichenev .....	49
Durability of working rollers in cold-rolling mills. I. V. Borovkov, P. B. Sokolov, and Yu. D. Makarov .....	51

Structure and Properties of Metals and Alloys

Model of crystallization processes. V. V. Koptsev .....	54
Strength of metals after pulsed treatment. T. V. Volodin, A. V. Karasev, D. V. Gaiduk, and V. L. Volodin .....	58
Evolution of the structure, phase, and mechanical properties of boiler steels in operation. V. V. Piskalenko, V. V. Kovalenko, E. V. Kozlov, V. E. Gromov, and V. Ya. Tsellermaer.....	61
Production of bainitic-steel rails. V. I. Vorozhishchev, V. V. Pavlov, L. V. Kornieva, N. A. Kozyrev, and E. A. Shur .....	66
Increasing the yield point of sheets of X70 and X80 high-strength tube steel. Yu. I. Matrosov, I. V. Ganoshenko, O. A. Bagmet, and T. Yu. Ivanova.....	71
