## STEEL IN TRANSLATION

PAGE

### Iron Production

Modernized roasting machines at Lebedinskii GOK Joint Stock Company. A. P. Butkarev, A. A. Butkarev, A. A. Borodin, S. N. Zhilin, and B. Ya. Malyavin .....	1
New sinter-batch ignition unit and thermal control system. L. K. Gerasimov, G. M. Druzhinin, I. M. Khammatov, Yu. I. Shepelev, V. A. Chistopolov, and G. G. Dobryakov .....	6
Effective utilization of coal-dust fuel in blast furnaces. V. M. Parshakov, Yu. M. Kuznetsov, A. A. Tretyak, and V. V. Gorelov .....	11
Producing iron nanopowders from iron ore. Yu. V. Konyukhov, D. I. Ryzhonkov, V. V. Devina, and E. L. Dzidzuguri .....	17

### Theory of Metallurgical Processes

Mechanism of oxide reduction by solid carbon in slag melt. V. G. Guglya, S. A. Podolin, and A. B. Usachev .....	22
--	----

### Metallurgy of Steel and Ferroalloys

Innovations at slab continuous-casting machine. V. V. Zorikhin, A. M. Stepashin, V. M. Matus, V. G. Arslanov, I. V. Bondarenko, and D. S. Tarvid .....	28
Guniting the working layer of intermediate ladles. V. M. Matus, E. Yu. Shchurin, A. E. Mikheev, V. M. Kutsevalov, and M. A. Golovin .....	30
Ferrotitanium production in Russia. A. I. Putilin, V. N. Babushkin, and L. A. Zainullin .....	32
Metal losses in oxygen injection of arc-smelting bath. M. V. Shishmirov and O. M. Sosonkin .....	34

### Pressure Treatment of Metals

Controllable sheet cooling in the Severstal 5000 mill. Yu. I. Lipunov, K. Yu. Eismondt, G. G. Trayanov, E. V. Nekrasova, and S. M. Koltyshev .....	37
Reconstruction of annular furnace for billet heating. G. M. Druzhinin, I. M. Distergeft, V. A. Leont'ev, P. V. Maslov, and V. I. Lobanov .....	45
Estimating the quality of cold-deformed pipe. G. A. Orlov .....	49
Performance of the liquid-friction bearings of supporting rollers in cold-rolling mills. E. A. Garber, V. O. Gusarov, and S. L. Evtukh .....	55
Combining continuous casting of steel billet with screw and longitudinal rolling. B. A. Sivak .....	61

Structure and Properties of Metals and Alloys

Development of steel resistant to shock—abrasive wear. S. E. Svoikina, V. A. Moskalenko, and V. I. Gryzunov .....	67
Multicomponent boron-bearing layers on die steel obtained in a fluidized bed. Yu. A. Balandin .....	74
Solidification of gray-iron castings and internal chill formation. M. V. Pikunov, V. I. Vorontsov, and S. V. Matveev .....	78

Economics

Market outlook for increased-strength steels in the auto industry. A. A. Brodov and G. I. Smirnov .....	81
--	----
