PAGES

Iron Production

Partial replacement of coke by anthracite in blast-furnace smelting. A. V. Sokurenko, V. A. Sheremet, A. V. Kekukh, I. G. Tovarovskii, V. P. Lyalyuk, G. I. Orel, G. P. Kostenko, and D. A. Demchuk	1
Improving the blast distribution in the furnace. V. I. Bol'shakov, S. T. Shuliko, F. M. Shutylev, V. N. Loginov, and V. S. Listopadov	9
Simulation of blast-furnace smelting of chromonickel hot metal. I. I. Belyaev, V. S. Shavrin, Yu. A. Chesnokov, and S. V. Shavrin	15
Monitoring the blast-furnace shaft. A. A. Sokhatskii, I. A. Luk'yanenko, and A. I. Shvachka	18

Metallurgy of Steel and Ferroalloys

Electrosmelting system based on the DSP-30N2 furnace. M. G. Kuz'min and V. S. Cherednichenko	19
Utilizing metal wastes. O. M. D'yakonov	26
Heat flux from solidifying metal to mold in slab continuous-casting machine. D. A. Boyarintsev and V. N. Selivanov	31

Pressure Treatment of Metals

Temperature measurement by inexpensive thermal imaging. P. L. Alekseev.....	33
Influence of discharge-textured working rollers in a trimming mill on the microtopography of the rolled metal surface. Yu. A. Bodyaev, A. V. Gorbunov, A. F. Radionov, V. K. Belov, D. O. Begletsov, and E. V. Gubarev	38
Reconstruction of smelting-system at TMK Joint Stock Company. A. A. Klachkov, V. O. Krasil'nikov, I. I. Lube, M. V. Zuev, and V. V. Mul'chin	45
New developments at EZTM Joint Stock Company. V. S. Zarudnyi	49
Estimating the thermal state of long mandrels in continuous mills. N. M. Vavilkin, V. V. Bukhmirov, V. K. Shiryaev, Yu. N. Utkin, and V. A. Serbin	53
Influence of flexural deformation on the micromechanical properties of a multilayer titanium-steel composite. V. G. Shmorgun, Yu. P. Trykov, and O. V. Slautin	58

Structure and Properties of Metals and Alloys

Thick steel sheet for gas pipe of strength category X80. A. P. Belyi, Yu. I. Matrossov, I. V. Ganoshenko, O. V. Nosochenko, and O. A. Bagmet.....	60
Economic analysis of the industrial use of nanomaterials. N. P. Lyakishev, A. A. Brodov, T. I. Kazakova, and B. V. Molotilov	67

Recycling permanent-magnet production wastes containing rare-earth elements. L. G. Gerasimova, A. I. Nikolaev, M. V. Maslova, and R. F. Okhrimenko.....	71
Influence of elastic stress on the texture of metals and alloys with a cubic lattice. R. I. Malinina, S. V. Frolov, M. V. Anisimova, and G. A. Nuzhdin	74
