## MOSCOW UNIVERSITY GEOLOGY BULLETIN

Pages  
Russian/English

Lower Cretaceous paleomagnetic section in the southwest Crimea. O.B. Yampolskaya, E.Yu. Baraboshkin, A.Yu. Guzhikov, M.V. Pimenov, and A.S. Nikul'shin .....	3	1
Lithology and paleontology of the Upper Miocene deposits in the Taman Peninsula (case history of a section at the Taman Cossack village). Yu.V. Rostovtseva and I.A. Goncharova .....	15	17
Geologic-geochemical zonation in mafic-ultramafic magmatism in the South Urals. D.E. Savel'ev, V.I. Snachev, A.V. Snachev, and M.A. Romanovskaya .....	27	32
High-pressure phase and structural transformations in the wüstite-periclase system. I.Yu. Kantor, A.P. Kantor, V.S. Urusov, and L.S. Dubrovinskii .....	33	42
Hydrodynamic modeling in feasibility study of constructing underground gas storage facilities in rock salt. S.O. Grinevskii and V.G. Gritsaenko .....	41	55
Changes in the ecological functions of the lithosphere under the effect of power generation facilities. V.T. Trofimov, T.A. Baraboshkina, A.D. Zhigalin, and M.A. Khar'kina .	49	66
Electronic maps of geophysical anomalies of the Sea of Azov-Black-Sea region and their geological interpretation. V.R. Melikhov, I.V. Lygin, V.A. Lygin, P.N. Kuprin, A.A. Bulychev, O.I. Andreeva, and A.A. Shreider .....	58	78
