RUSSIAN ENGINEERING RESEARCH

PAGES
RUSSIAN/ENGLISH

Vestnik Mashinostroeniya, Vol. 85, No. 2, 2005

Design, Calculation, Tests, and Reliability of Machines

Damping properties of pneumohydraulic springs without a separator. V. V. Novikov.....	12	1
Mapping the accuracy lines of the industrial robots. S. O. Nikiforov	24	9
Influence of constraint type on the dynamic characteristics of cushioned equipment with nonstationary kinematic input action. V. F. Shatokhin.....	26	13

For the Designer and Analyst

Reference data for calculating the contact stiffness in machine design. A. S. Ivanov	37	19
---	----	----

Cycle of Articles

“Problems of Tribology - Friction, Wear, and Lubrication” (General Editor Yu. N. Drozdov, Doct. tech. sci., Member Russian Academy of Cosmonautics and Russian Engineering Academy)

The thermal problem for lubricated sliding friction. V. M. Vlasov, I. P. Malenko, and P. I. Malenko	40	24
Tribochemical approach to developing high-wear-resistance antifriction composites. A. P. Krasnov, P. A. Chukalovskii, O. V. Afonicheva, V. A. Mit, V. A. Timofeev, R. A. Bychkov, V. V. Kuznetsov, and D. I. Buyaev	46	33

STIN, No. 2, 2005

Production Automation

Automated decision-making support system for selecting multipurpose machine- tool application strategy. S. D. Vais, M. V. Kalinin, and B. I. Cherpakov	3	39
--	---	----

Metal-Cutting Machine Tools

Overall number of transmission structural grids. A. A. Mullabaev, A. P. Fot, V. N. Romantsov, and D. A. Pastukhova.....	9	47
Temperature, time, and rate of cooling of machine-tool parts in factory conditions. V. I. Alferov.....	17	53

Manufacturing Engineering

Calculation of chip shrinkage in cutting by tools with chip-curling front surface. V. F. Bez'yazychnyi and S. V. Mikhailov	26	58
Static/impulse hardening treatment parameters. A. V. Kirichek and D. L. Solov'ev	30	63
Selecting the end-mill machining regime. B. D. Danilenko	34	68
Electrocontact selective grinding with impregnated wheels. G. V. Chirkov	36	73
