## SURFACE ENGINEERING AND APPLIED ELECTROCHEMISTRY

PAGES  
RUSSIAN/ENGLISH

### Precision Electrical Machining of Materials

- Metallization kinetics and electrolyte throwing power in producing nanocomposites based on a  $A^{III}B^V$ . A. I. Dikumar, P. G. Globa, O. O. Redkozubova, S. P. Sidel'nikova, L. Syrбу, and I. M. Tiginyanu ..... 4 1

### Electrical Surface Treatment Methods

- Electrodeposition of iron from electrolytes containing organic additives. Zh. I. Bobanova, O. A. Bologna, and N. V. Gerbelev ..... 10 9
- Structural evaluation of electrochemical composite materials. T. V. Bortsoi ..... 20 20

### Electrical Processes in Engineering and Chemistry

- Nonlinear capillary-gravity waves on the surface of a viscous fluid layer. A. V. Klimov, D. F. Belonozhko, A. I. Grigor'ev, and S. A. Sanasaryan ..... 24 25
- Nonlinear corrections to the form and frequency of the waves on the charged surface layer of an ideal fluid. S. A. Kurochkina, A. I. Grigor'ev, and S. A. Sanasaryan ..... 34 37
- Determining the propagation rate of a pulsed corona in strong electrolytes. S. A. Khainatskii, V. V. Shamko, and L. Z. Boguslavskii ..... 42 46
- Reduction of potassium permanganate under the action of the atmospheric-pressure glow discharge. L. A. Kuz'micheva, A. I. Maksimov, and Yu. I. Titova ..... 47 52

### Equipment and Instrumentation

- Hydrodynamic processes in the chamber of a hydrojet generator that is used to relieve the residual stresses in weld seams. G. A. Barbashova ..... 68 60

### Operating Experience

- Electroreparation of mechanical impurities from sunflower oil. I. I. Beril and M. K. Bologna ..... 74 67
- Influence of thiosemicarbazide on steel corrosion in water. V. V. Parshutin, N. S. Sholtoyan, S. P. Sidel'nikova, G. F. Volodina, O. A. Bologna, V. N. Shafranskii, and N. V. Gerbelev ..... 77 70
- Use of bentonite clay for adsorption purification of meat packing plant wastewaters with the action of electric discharges. M. A. Gasanov ..... 89 83
